OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

FLOOD CONTROL

Now that the election to vote bonds for flood control has been deferred until February 20th, there will be time for voters to carefully weigh the proposition and make up their minds definitely how they wish to vote.

There is no room for question that Southern California badly needs flood control. The query raised is, whether Engineer Reagan's plan will be effective, but the fact that federal engineers have endorsed it, and that the government is willing to contribute 25 per cent of the cost will weigh in Mr. Reagan's favor.

Los Angeles objectors say there is no justice in taxing, through bond issues, residents of that city far removed from the proposed improvement and deriving no direct benefit from it. They say the man who owns property of high value in an aristocratic residence section will be forced to contribute more than the owner of cheap land in the valley subject to overflow who much desires flood control for his personal protection, and that this would be unjust; that Los Angeles is

TROPICO Interurban SENTINEL

not involved in the matter while the country districts are and should be taxed for it.

But it should be remembered that without flood control Los Angeles is frequently compelled to pay her proportion. During the past decade, according to statistics given by Supervisor Hamilton, \$25,000,000 of property has been destroyed by floods and large amounts have been expended by supervisors out of the general fund (contributed by Los Angeles as well as the rest of the county) to repair the damage to roads, bridges, etc. At the present time there is a million dollar deficit in county funds, largely due, it is said, to these expenditures.

A strong reason for opposing the district assessment plan, as pointed out by Mr. Hamilton, is that it is very difficult to find purchasers for district assessment bonds, that they will not bring 75 cents on the dollar, which makes the cost to tax payers ruinous. The proposed issue, \$4,500,000 is not enormous when distributed over the entire county, and since it is for the purpose of saving money and protecting homes, it is worthy of careful consideration.

The Sentinel has been officially advised that the Railroad Commission has dismissed the petition of the Tropico Water Company for a rehearing of the Commission's recent order authorizing the sale by the Title Guarantee and Trust Co., of the water system in Tropico to the Tropico City Water Co., for \$64,000 of stocks and bonds.

Eagle Rock recently purchased its water system for \$70,000. Customers have since been granted a reduction in rates from \$1.25 for 600 cubic feet to \$1.00 minimum with 10c per hundred for all water used in excess.

The Salt Lake Railroad budget calls for expenditures in 1917 of \$5,000,000 the greater part of which will be dispensed through Los Angeles. Half the sum is to be used for new equipment.

BUSINESS CHANGES

Announcement has been made that Cornwell & Kelty have decided to discontinue their Tropico store the first of February and will concentrate their business in Glendale. Mr. Edwin Virden, the druggist, has leased for three years the quarters Cornwell & Kelty are vacating and will be established there early in February. He is probably right in considering that it will be a better location than his present one in the middle of the block, and that more trade in the soft drink line will be apt to come to him from the through travel to the beaches which is carried by Tropic avenue.

* * *

The new corner store in the K. P. Block at Park and Brand boulevard has been leased for a term of years by Mr. Spaulding of Los Angeles, an experienced druggist who has purchased an entirely new stock and established the Spaulding Pharmacy. He has secured a bungalow on Park avenue near the store and is moving his household effects this week. His daughter, Miss Louisiana Spaulding, is a musician and composer of songs and will be a welcome addition to the colony of artists which Tropic is so fortunate in possessing.

FIVE HUNDRED PARTY

The card party which is being given as a benefit for the Tuesday Afternoon Club at the home of the president, Mrs. Charles Wallace Kimberly, Monday evening, January 29th, promises to be an important social affair. Mrs. A. J. Becker, Chairman of Ways and Means, and Mrs. O. E. Clemens, Chairman of Hospitality, will have charge of the function at which five hundred will be played, and for which simple prizes have been provided to reward the most fortunate players. Members of the two committees will assist the hostesses. Tropic has not enjoyed a big card party in a long time and much pleasure is anticipated from this one.

Mrs. L. B. Hogue; Vice President, Mrs. E. H. Lockwood; Recording Secretary, Mrs. Exley; Treasurer, Mrs. Spence; Auditor, Mrs. Fish; Member of State Nominating Committee, Mrs. M. E. Johnson; Member of State Credential Committee, Miss Anne Mumford; Member of State Resolution Committee, Mrs. Ashcroft.

ALUMNI ENTERTAINMENT

In spite of bad weather a packed house greeted the artists who furnished the delightful program arranged by the officials of the Alumni Association of Union High last Thursday evening, the second performance drawing almost as big an attendance as the first.

Three delightful numbers were given by Julius Kranz, the violinist, accompanied upon the piano by Mrs. Mattison B. Jones, two of the trio being his own compositions.

The charming young whistler, Miss Margaret McKee of Hollywood, greatly delighted her audience which showed its appreciation unmistakably.

Union High's Quartette made up of John Stauffacher, first tenor; J. C. Fadelford, second tenor; Jock Wagner, baritone; and Norman Otis, bass; with Herbert Henning at the piano, was received and encored with the greatest enthusiasm.

From an artistic standpoint the entertainment reached its crowning point in the finished performance of Joseph Griffin as a monologue impersonator and quick change artist. It was worthy a place on any stage.

Mention should have been made earlier of the wonderful snow picture films with which the program opened. These were very beautiful.

Mrs. Pearl Keller's contribution was as usual, most artistic. Vincent Salmacia of Glendale whose exhibitions of fancy dancing have won him just renown, was her partner in the Brazilian Polka, a novelty in which spectators were much interested. For an encore they danced the Trio One Step. Assisted by her pupil, John Dewar, Mrs. Keller exhibited the New York steps in the Fox Trot, and the Pavlova Gavotte.

The original playlet, "Paying the Piper," by Owen Rhodes, in which he played the leading part, rounded out a wonderfully good program. Like all Mr. Rhode's work it showed imagination and creative ability in an unusual degree. Other parts were very acceptably filled by Dwight Stephenson, Gladys Anderson and Gladys Justema.

The next dance of the band boys is booked for February 14th in the K. P. Hall on Brand boulevard.

BIRDLAND

This is the season to obtain your canary, either a songster or a good bird to improve the stock you now have. TIMELY SUGGESTIONS

When the Southern Pacific Railroad secured the donation of its right of way through the Richardson ranch, the site of the City of Tropic, there were granted by Mr. Richardson not only depot grounds but ten acres of land opposite for repair shops. That was 30 years ago. The depot building came at once, but the shops—they are yet to come. Can anything be done towards hurrying them along? Perhaps a little urging on the part of the city's public service and welfare committee would have the desired effect. It may be that the precise time for the shops to come was not specified in the donation grant. If not, a reasonable time within which to expect them would be inferred. What would be that "reasonable time?" Surely 30 years would be its limit. After that period of failing to perform the property should certainly revert to the donor, or in this case to the donor's estate. But the reversion is not desired by the donor or his representatives. They and the public want the shops, and the purposes of the donation materialized either at the hands of the S. P. or some one else quite as faithful to its promises.

Presumably the tract is needed for the purposes of its donation or the holding of it would be discontinued. At all events the intention of the donor or of the gift and of the donee in accepting it should prevail. Otherwise the donee should hesitate no longer to surrender it. It would look might good to see a splendid ten-acre piece of land along the westerly side of the Tropic station yard tracks covered with work shops resounding with the songs of labor and the hum of the wheels of industry.

GET TOGETHER SOCIAL

The Ladies Aid of the Methodist church had its "Get-Together Social" Tuesday evening. The musical program provided was given in the church auditorium. Dr. Lucas sang "Caroline, My Caroline," the Marple Quartette contributed some numbers, and Dr. Lucas and Mr. Marple were heard in the duet, "Put on Your Old Gray Bonnet." Refreshments were served in the social hall.

THURSDAY AFTERNOON CLUB
CONSIDERS HOME PRODUCTS

An unexpected treat was given members of the Thursday Afternoon Club at their last meeting when they were addressed by Mrs. M. B. Tilley, Civic Chairman of the Wednesday Morning Club of Los Angeles. Mrs. Tilley was once Miss Erskine of Tropico and was the first white girl in the settlement. She therefore has a special fund of knowledge concerning our little city and a special affection for it.

Long before there was a "movement" for the buying of home products, Mrs. Tilley was working as an individual along that line by precept and example. She is therefore peculiarly fitted for this promotion work because she is an enthusiastic advocate of helping home industries whose inception and development she has had an opportunity to watch. She said:

"You will find that our home goods are better. They are more satisfactory partly because they are made to suit the climate. Our Chamber of Commerce has been very wise in selecting a woman capable of doing things and ready to put her heart into the work. She has discovered things they never would have found out. The failures of a great many small factories and the problem of unemployment have called their attention to this matter. We are our brother's keeper. The day has gone by when we can live alone or selfishly. Our opportunities are great and much is expected of us. We have the finest men in the world in California; they carried suffrage for us.

They felt they wanted our help. I do not think we are going to fail them. This home products movement is a work in which we can join hands with our men."

Mrs. A. L. Bancroft who was chairman of the day's program, and who is the representative of the Los Angeles Chamber of Commerce in the home products work, stated that there are 2200 factories in Los Angeles; that there are 35 cap factories. In the clothing line she stated that no party gowns are factory made, but many other lines such as shirt waists, skirts, street suits, rain coats, some shoes, and stockings; also that there are many sorts of canned, dried and preserved foods. She reported that inside of two weeks the Chamber expects to have ready to send out a catalogue for the use of housewives giving the different brands put out by local manufacturers, so orders can be placed intelligently.

Mr. J. Herbert Smith, who attended the meeting in response to the club's invitation, at the request of the chairman addressed the ladies on reciprocity between merchant and consumer.

At the business session which preceded the program, the invitation of the Tuesday Afternoon club of Glendale to a San Fernando Valley Reciprocity Day, January 23rd, was read and members urged to attend by the President. Announcement was also made that the next meeting of the club would be held February 1st and not the 7th, as printed by error in the bulletin. The most important item of business was the adoption of the following ticket as the choice of the club for officers of the District Federation to be voted for at the District

meeting in Santa Monica. President, Mrs. L. B. Hogue.

LOCAL HAPPENINGS

An informal meeting of P. E. O. members was held at the home of Mrs. John A. Logan Friday afternoon to practice for the inspection which is to take place at Mrs. Logan's home this week Friday.

Mr. and Mrs. Wattles were dinner guests Wednesday at the home of Mr. and Mrs. Stafford Bixby on Lucine boulevard, Los Angeles. Covers were laid for twelve.

Mrs. Charles Wallace Kimberly and Mrs. Ella Richardson represented the Thursday Afternoon Club at a musicale and reciprocity day given by the Woman's Club of Hollywood January 17th. The program was given by three Glendale musicians, viz. May Orcutt-Brooke, Frederick Grover and Dr. Paul Wismer. Mr. Strine addressed the ladies on the subject of Flood Control, urging them to vote for the proposed bond issue.

The birthday of Dr. Duncan was celebrated last Thursday with a family dinner, covers being laid for ten. The number of this particular birthday has not been mentioned by the doctor, but in spite of his vigor and youthful aspect there are those who declare he is over forty.

Miss Blanche Davenport and Lillian Eaton of Glendale were in a party which made the ascent of Mount Wilson Saturday a week ago.

Mrs. Merritt Ludden was guest of honor at a little surprise party given by her Sunday school class at the home of Gertrude Ashton last Saturday afternoon. Mrs. Ludden had been pleasantly trapped by accepting Mrs. Ashton's invitation to spend the afternoon. The young hostesses who assisted Miss Gertrude were: Harriet Wilbur, Gladys Martin, Gertrude Burch and Geraldine Bowers. Mrs. Ludden was the recipient of a lit-

tle present which expressed the affection and appreciation of her pupils.

Mr. and Mrs. H. W. Butts were guests at a pretty but quiet wedding last Sunday when Mr. Butts' nephew, Bret D. Wells was married to Miss Ogden of Florence, Cal., at the home of her aunt and uncle, Mr. and Mrs. Chamberlain of South Pasadena. Mr. Wells, who is in the submarine service of the U. S. Navy, is now at Long Beach superintending the construction of a submarine of a new model to which he expects to be assigned when finished. He was in Honolulu on the F-2 when the F-4 sunk, and had some trying experiences in that connection.

Dr. and Mrs. J. D. Cammerer and daughter of Kinmundy, Illinois, Mr. and Mrs. C. P. Brown, of Hutchinson, Kansas, Thomas Brown of Sacramento, Cal., and Mr. and Mrs. Ross of Los Angeles, were Sunday dinner guests of Mr. and Mrs. H. W. Augustus. The Messrs. Brown are brothers of Mrs. Augustus. Dr. Cammerer has come to California to stay. He likes Tropico very much and may be persuaded to locate here.

Mr. and Mrs. F. C. Charles of Perlita avenue, Atwater Tract, entertained the following guests at dinner on Tuesday evening: Mr. and Mrs. Ed. Gorner, of Los Angeles; J. A. Vissel, attorney at law and Clyde Burr, attorney at law of Los Angeles; Mr. Gorner is manager of one of the Baker shoe stores and Mr. Burr is judge at Monrovia.

Mrs. Roy Blair of 311 Gardena avenue was summoned to Escondido Monday evening by the illness and death of her sister, Miss Geneva Nation, who was one of the victims of poison from eating canned vegetables at the Escondido hotel. Miss Edna Nation will go east with the body of

her sister to the family home in Oklahoma where interment will be made.

Milton Armstrong has gone south to take a position with a big mining company of San Diego which is developing a tungsten mine northeast of that city.

Mr. and Mrs. Edw. Ayers of Palmer avenue had as Sunday dinner guests Mr. and Mrs. Henry Koepke of Athena, Oregon, Mr. and Mrs. Isaac Reuben, and Mrs. Reuben's mother. Mr. and Mrs. Koepke and the Ayers were neighbors in the pioneer days of Tropico.

Miss Olga Nofziger, a graduate of the Los Angeles Normal, has been engaged as a teacher in the public schools of Cochise, Ariz., and will be there the balance of the school term.

Mrs. Hayes, mother of Mrs. Alexander of Blanche avenue, has returned from a six months' visit in Kansas City whither she went last August as a state delegate to the National W. R. C. Convention.

A delegation of about twenty-five Epworth Leaguers from the Tropico M. E. church last week Monday visited the Methodist Mission on First street, Los Angeles, and gave a musical program.

The Twin Jitney given last week Tuesday proved most enjoyable. Games were played until 10:30 when refreshments were served.

Members of the Methodist choir and a few of their friends were entertained last Friday evening at the home of their leader, Will Marple, on Palmer avenue. Will Hewett won the prize in the "Travelling" game. Refreshments were served in cafeteria style.

HARD TIMES PARTY

The Hard Times Party was such a great success that already the fathers have had their appetites whetted for more and are talking about having another, a masquerade, and it is quite likely the mothers will aid and abet them in the enterprise.

In spite of the bad weather, about 150 guests responded to the invitations sent out, in costumes appropriate to the weather and hard times. Mrs. J. B. Bennett of Moore avenue, carried off the first prize with a clever "get up" in which 50-pound flour sacks were conspicuous. The gentlemen's first prize was won by Mr. Wattles in a picturesque hobo costume with features appropriately made up to suit the disguise.

A short program had been provided but the seductive music of Busch's orchestra made dancing the main feature and some of the program numbers were eliminated. Recitations by Mr. Edward Ayers of Palmer avenue were given during recess and gave much pleasure. It was a family affair and enjoyed by the boys and girls who were there as much as their parents. The evening's enjoyment was crowned by the fine supper which the mothers had provided. When all expenses had been met there was a surplus of \$10.00 which was turned over to the Mother's Club.

YEOMEN DOINGS

Mr. Story of Los Angeles conducted the installation of officers of the Yeomen Lodge last week, the officials installed being: Charles Bruck, foreman; Master of Ceremonies, Harry Schaeffer; Master of Accounts, Herbert Crane; Correspondent, John Lawyer; Chaplain, Mary Ake; Lady Rowena, Edith Bruck; Lady Rebekah, Daisy Lawyer; Watchman, Ed. Shipman; Sentinel, Robert Danner; Guard, James Conti; Musician, Queen Danner.

At the conclusion of the ceremonies the Tropic Band gave a concert during which the lodge danced, and after that there was more dancing with Mrs. Gus Carpi at the piano to furnish the music.

Last Friday night the lodge held a business session followed by dancing, and decided to conclude every meeting with a dance.

Busch's orchestra has been engaged for the masquerade party which the

lodge will give Friday evening of this week. First prizes for ladies and gentlemen will be given for the most artistic costumes, and second prizes for the most comic.

Several complications having arisen, it has been deemed advisable to delay the election to vote bonds for flood control. It will probably be set for the 20th of February instead of February 2nd, as at first announced.

Rev. Don Ford returned to his pastorate last week and conducted the church services last Sunday. His people are delighted to welcome him.

TROPICO

I know a lovely city where the roses
and lilies grow;
Where the ivy shrouds the mansion,
the cottage and bungalow.
Where the fragrance of the orange
bloom is wafted on the air,
And flowers of loveliest hue are bloom-
ing everywhere.
This jewel has its setting of mountains
grand and high,
Whose bases hug the valley, whose
summits kiss the sky.
These oak crowned mountains with
their canyons cool and deep,
Like sentries round her borders their
watch forever keep.
Should you ask this city's name where
the roses and lilies grow,
I should answer, I should tell you
"This city beautiful is Tropic."

SANITATION OF SCHOOLS

The following brief statement of rules and regulations adopted by the State Board of Education having to do with the sanitation of schools, will therefore be of interest. It appeared in the monthly bulletin issued by the California State Board of Health.

The State Board of Education has adopted rules and regulations for the government of the public schools of California, among which are a number of orders having much to do with the conservation of health of school children. Such rules are printed herewith. Their enforcement may have a great deal to do with the health of our future citizens.

Principals and teachers shall supervise use of buildings.

Sec. 8. Principals and teachers shall prescribe such rules for the use of yards, basements, and outbuildings, connected with the school-houses, as shall insure their being kept in a neat and proper condition, and shall examine them as often as may be necessary for such purpose. School boards, superintendents, principals shall be held responsible for the sanitary, neat and cleanly condition of the school premises. (See Sec. 1546, Pol. Code.)

Schoolrooms must be ventilated.

Sec. 9. Principals and teachers shall give vigilant attention to the ventilation and temperature and lighting of their schoolrooms. At each recess the windows and doors shall be opened for the purpose of changing the atmosphere of the room.

Order admission of pupils.

Sec. 10. Teachers shall enter in the school register, in the order of their application, the names of all those applying for admission to the school after the prescribed number of pupils, or the number that can be accommodated with seats, have been received. Such applicants shall be admitted to seats whenever vacancies occur, in the order of their registration.

Teachers may require excuse.

Sec. 11. Teachers are authorized to require excuses from the parents or or by written note, in all cases of absence or tardiness, or of dismissal before the close of school; provided guardians of pupils, either in person that such excuses shall not be required until the following day.

Pupil responsible for care of property and for his conduct.

Sec. 13. Any pupil who shall in any way cut or otherwise injure any schoolhouse, or injure any fences, trees, outbuildings belonging to any of the school property, or shall write any profane or obscene language, or make any obscene pictures or characters on the school premises, shall be liable to suspension, expulsion, or other punishment, according to the nature of the offense. The principal may suspend a pupil temporarily for such offense, and shall notify the school board of said action. All damages done to school property by any of the pupils shall be repaired at the expense of the party committing the offense.

Pupils must be neat and clean on entering school.

Sec. 14. All pupils who go to school without proper attention having been given to personal cleanliness, or neatness of dress, shall be sent home, to be properly prepared for school, or shall be required to prepare themselves for the schoolroom before entering. Every school building must be provided with sanitary equipment for personal cleanliness. **Pupils who have any contagious disease must be sent home.**

Sec. 15. No pupils affected with any contagious disease shall be allowed to remain in any of the public schools.

The studies and books used shall be those authorized by law.

Sec. 16. The books used and the studies pursued shall be such, and such only, as may be authorized and prescribed by the proper authorities; and no teacher shall require or advise any of the pupils to purchase for use in the schools any book not contained in the list of books directed and authorized to be used in the schools by the legally constituted authorities. **A janitor other than the teacher must be employed.**

Sec. 18. Trustees are required to employ a suitable person other than the teacher to sweep and take care of the schoolhouse, and they shall make suitable provision for supplying the school with water. (See Sec. 1617, sub. 7b.) In case of the failure of the trustees to employ a janitor, as provided for in section one thousand six hundred and seventeen, subdivision seventh, of this code, the county superintendent shall appoint a janitor, who shall be paid out of the school fund of the district. See Sec.

Passed by the Board of Trustees of the City of Tropico and approved at their regular meeting held on the 16th day of January, 1917.

FRANK E. PETERS.

President of the Board of Trustees.

I hereby certify that the foregoing ordinance was introduced before the Board of Trustees of the City of Tropico at their regular meeting held on the 9th day of January, 1917, and was duly passed by said Board at their regular meeting held on the 16th day of January, 1917, by the following vote, to-wit:

AYES: Trustees Alspach, Henry, Seal, Veselich and Peters.

NOES: None.

ABSENT: None.

WITNESS my hand and the seal of said city, this 16th day of January, 1917.

(Seal) MARGARET R. COLEMAN,
Clerk of the City of Tropico.

PROCEEDINGS OF BOARD OF TRUSTEES

All members of the Board were present at the meeting Tuesday evening.

Taxicab License

The first item submitted by the clerk under the head of written communications was the application of L. L. McFancher of Glendale for a taxicab license, which was granted.

Dairy Applicant

The application of John Crosetti, near Griffith Park, for a permit to sell milk in Tropico, was referred to the City Health Officer.

In Re Delinquent Taxes

A letter was read from B. B. Garwood of South Pasadena, Chairman of a committee of investigation appointed by several municipalities to look into the matter of delinquent taxes collected by the county and not remitted by the county auditor. Mr. Garwood stated that the Attorney General to whom the matter had been referred, had ruled that the county auditor should return such moneys when collected to the cities to which they belong. No arrangement had been made however, for the return of moneys collected in the past, which, during the year 1912-13 in South Pasadena he said had amounted to more than \$900.

The committee was therefore requesting all cities affected to send representatives to a conference to be held at the office of the City Attorney of Vernon in the Haas Building. On motion of Trustee Henry the communication was referred to the City Attorney.

Electric Rates

A letter from W. J. Burns of the Pacific Light & Power Company explained the rates granted in Pasadena which had been referred to in a letter from a Pasadena official to the Tropico Board of Trustees. On motion of Trustee Henry the communication was ordered placed on file.

Receipts

The City Clerk reported a remittance from the Globe Indemnity Company to replace the broken electrolite globe on San Fernando Road; also that she had received policy for the coming year, beginning February first, from the State Compensation Insurance Fund.

La Bree Court Protest

A letter from Mrs. L. L. Cushing protesting against the drainage of water from Acacia avenue into La Bree Court, caused considerable discussion, the Board deciding to allow the original order to the Street Superintendent to stand, but to give him additional orders to clear the ditch at the south end of the Court so it would drain off all water.

Palmer Avenue Protest

A communication signed by 23 residents of Palmer avenue protesting against the change of the name of their street to Moore avenue, as provided in Ordinance 123, was read by the clerk and followed by vigorous verbal protests by Rev. Goodsell, John D. Kirkham, J. J. Laws, and others, who refused to entertain any compromise or any name other than Palmer. Engineer Wattles explained that the changes had been made for the purpose of securing uniformity in the naming of streets, and to assist the general public in finding their way about the city, but the delegation was deaf to arguments. No action was taken by the Board, the matter going over to the next meeting.

Defective Sidewalk

Mr. Bullis called attention to defective sidewalk at the entrance to the alley next the B. & B. store on San Fernando. On motion of Henry the matter was referred to the Street Superintendent for temporary repair.

Gas On Hill Street

Mrs. Tompkins asked for information in regard to the laying of gas pipes on Hill street and was advised by President Peters that the matter had been referred to the Railroad Commission for decision.

Baer Case

City Attorney Shaw reported that the Baer case had been tried on Wednesday but no decision had been rendered by the Justice to date.

Incinerator

Dr. Mabry exhibited a trash incinerator which can be bought in half dozen lots for \$2.25 each, and was

instructed by the Board to purchase four for use on Brand boulevard and San Fernando.

Fairfield Made Fire Chief

On motion of Trustee Henry the office of Fire Chief was declared vacant and under a second motion by the same trustee Edward Fairfield was appointed Fire Chief at the same salary as now prevails.

The City Clerk was instructed to have the bond of City Marshal Gould renewed by the bonding company.

Demands

The following demands were read and ordered paid: Passmore & Sayer for motorcycle, \$295.75; W. E. Anderson for witness fee, \$4.

The Board then adjourned.

"EYES OF THE WORLD"

Big audiences continue to throng Clune's Auditorium to see "The Eyes of the World," though the box office records show that 60,000 persons have visited the theatre since it was put on the screen there. It is easily explained when the popularity of Harold Bell Wright, the author of the drama, is taken into account, and when the superb visualization of its stirring scenes are considered. Harry Carr in the Times said: "Another master picture has been added to the list of the few really great screen dramas; in some respects The Eyes of the World stand absolutely alone."

"The Eyes of the World" will not run much longer on account of the early booking of grand opera at the Auditorium. Fine orchestral music, the big Auditorium organ, and the most ingenious and beautiful stage set ever seen in a theatre west of New York, are features of this production, of which there are two performances daily.
